

Amendments to the Claims

Please add new claims 26-32, and cancel claims 1-25, as indicated below:

Claims 1-25. Cancelled.

Please add new claims 26-32.

26. (new) A medicament delivery device comprising:

a medicament reservoir;

an inhalation passage; and

a metering member, provided with at least one dispensing cup, adapted to transfer a measured dose of medicament from the medicament reservoir to the inhalation passage; wherein the metering member provides at least one measuring chamber for transferring medicament from the reservoir to the dispensing cup and the dispensing cup is provided with an air duct.

27. (new) A medicament delivery device according to claim 1, characterized in that the device is provided with a moisture proof barrier.

28. (new) The delivery device according to claim 1 or 2 wherein said metering member comprises a moisture resistant sleeve.

29. (new) The delivery device according to claim 3 wherein at least one aperture in said sleeve provides said at least one measuring chamber.

30. (new) An inhaler comprising:

a medicament reservoir;

an inhalation passage for the delivery of the medicament; and

a metering member, provided with at least one dispensing cup, adapted to transfer a measured dose of medicament from the medicament reservoir;

wherein the metering member provides at least one measuring chamber for transferring medicament from the reservoir to said dispensing cup and the dispensing cup is provided with a duct to allow air to be sucked through the metering member upon inhalation by a patient.

31. (new) An inhaler according to claim 3 characterized in that the metering member comprises an outer sleeve and a dispensing member.
